

homeowner's checklist

BEFORE CONSTRUCTION

- ☐ Remove wall hangings and breakable objects from shelves.
(They may fall due to vibrations caused by hammering.)
- ☐ Confine pets indoors or restrain away from home.
- ☐ Move outdoor potted plants indoors.
- ☐ Park vehicles away from the house.
- ☐ Disarm burglar alarm as vibrations may activate it.
- ☐ Move outdoor lawn furniture to middle of lawn.
- ☐ Do not run sprinklers the night before or during construction.
- ☐ Cover objects in attic and garage, if there is no ceiling.

DURING CONSTRUCTION

- ☐ The roofing crew will need to be provided with a source of electricity and water.
- ☐ Please walk carefully and watch for debris and nails. Do not drive on driveway.
- ☐ Exercise extreme caution when entering or leaving your home.
(Debris and other objects may fall from the roof.)

AFTER CONSTRUCTION

- ☐ Check to make sure that all gates are closed before letting pets outside.
- ☐ Watch for overlooked nails.
(We run a magnetic nail bar over the yard to ensure nails are picked up.)
- ☐ Leave permits up until the city does the final inspection.
(Applicable in some cities.)
- ☐ Check furnace and hot water vents to ensure that they are connected at the unit.
(They may come loose when the new vents are installed.)
- ☐ Tell us how we did by leaving a review on Google, Facebook, or with the BBB.
- ☐ If you have any follow-up questions or concerns, contact Stonewater Roofing.
